

Christopher Lazariuk

Web Developer | Full Stack Engineer

Clazariuk@gmail.com | 203-450-0690 | San Francisco, CA | [Linkedin](#) | [GitHub](#)

OBJECTIVE / PERSONAL STATEMENT

I'm a Full Stack Software Engineer with a background in public speaking, project coordination, and team leadership. My creative problem-solving skills and adaptability has empowered me to foster effective working environments and positive results in the face of new challenges. I'm most interested in work that seeks to make a lasting societal/environmental impact, with companies that value their people and their efforts.

SKILLS

Languages: Node.js, Python, JavaScript, HTML, CSS, Typescript

Databases/Frameworks: MongoDB, RESTful Routing/JSON API, Git/GitHub, React, Express.js

Interpersonal skills: Customer service, Team Leadership, Office Administration, Crisis Management, Events Coordination, Vendor Relations, Public Speaking, Budgeting, Scheduling

TECHNICAL PROJECTS

Patient Paws Back-End API - [GitHub Repository](#) | Node.JS / MongoDB / Express / Mongoose

A many-many backend API which allows the enrollment of clients' pets into canine training academy, and administrative management/scheduling of the academy's courses enrollment, and assigned instructors.

Momentum - [GitHub Repository](#) | HTML / CSS / JS

An arcade-style survival game making heavy use of collision detection elements and DOM manipulation.

Dev Dependency - [Github Repository](#) | React / NodeJS / MongoDB

An ecommerce website with ordering system functionality and a multi-page layout.

Connections - [Github Repository](#) | React / Nodejs / MongoDB

A parody of our favorite professional networking website, features chat messaging functionality
